Huntington High

And what is so rare as a day in June,
When our commencement days begin,
When the birds warble their merry tune
And we cheerfully try to face the end.
There's a bit of gladness, a bit of sorrow
As we gaze at the dear old place,
And we dread to think of the tomorrow
When no longer we'll see each smiling face.
Friends and teachers we hold so dear,
You each we will leave with a sigh,
But wherever we go, be it far or near
We'll never forget old Huntington High.

Faithful and Diligent Service Brings
Appreciation and an
Abundance of Friends
To Show That Appreciation of Service
and Friendship We Respectfully
Dedicate This Volume to
Our Good Friend

One can hardly choose between the two,
but—
This maiden, as you all know, has the clearest of blue eyes that glares into the very soul!

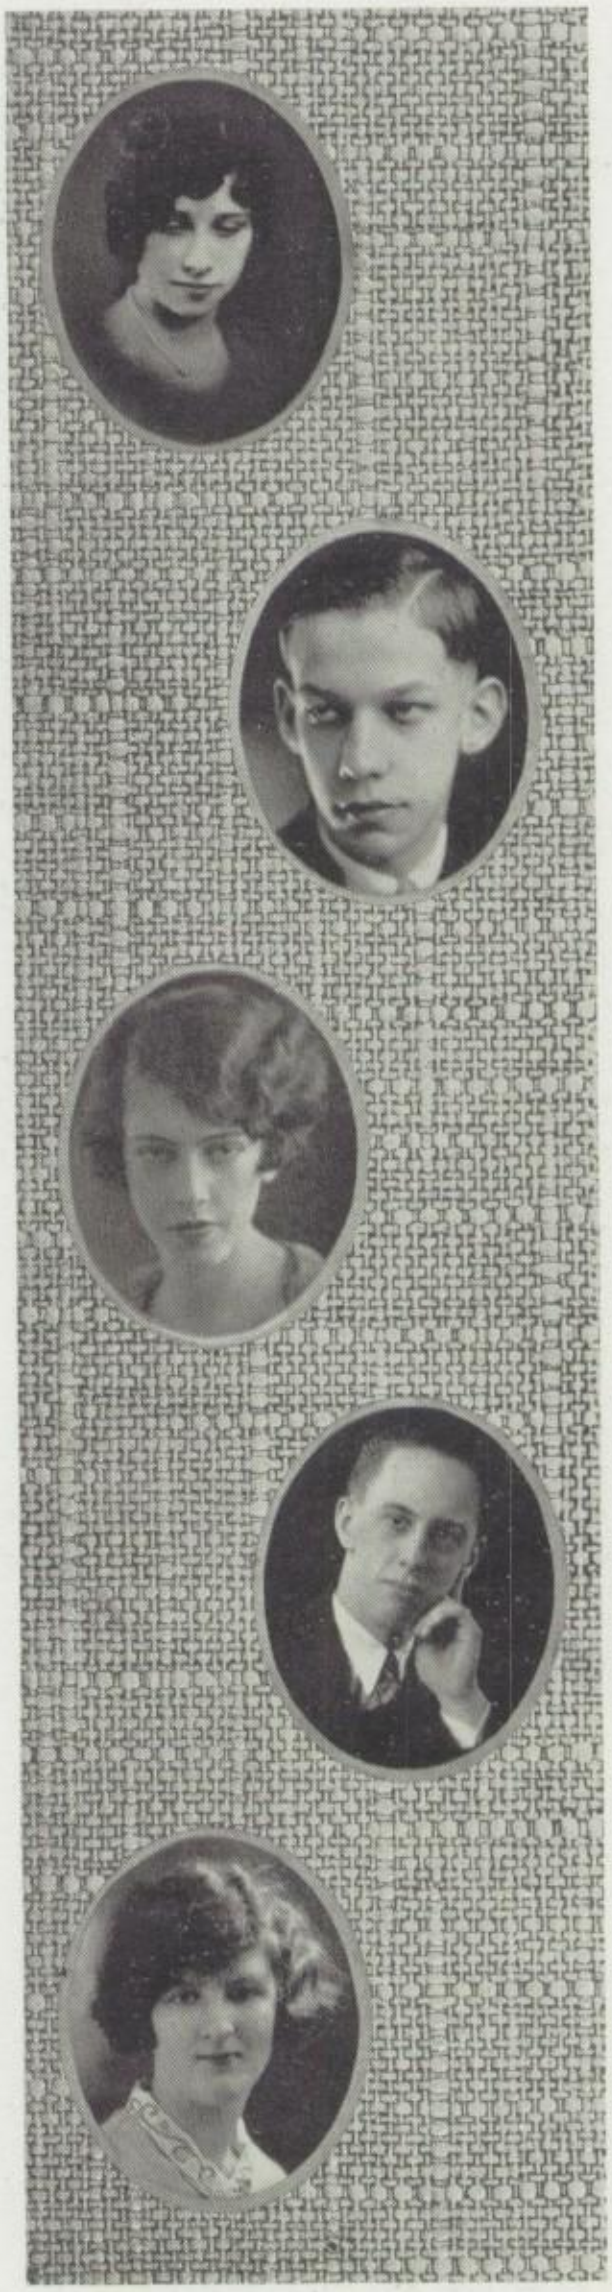
HERMAN SCHOENLEIN

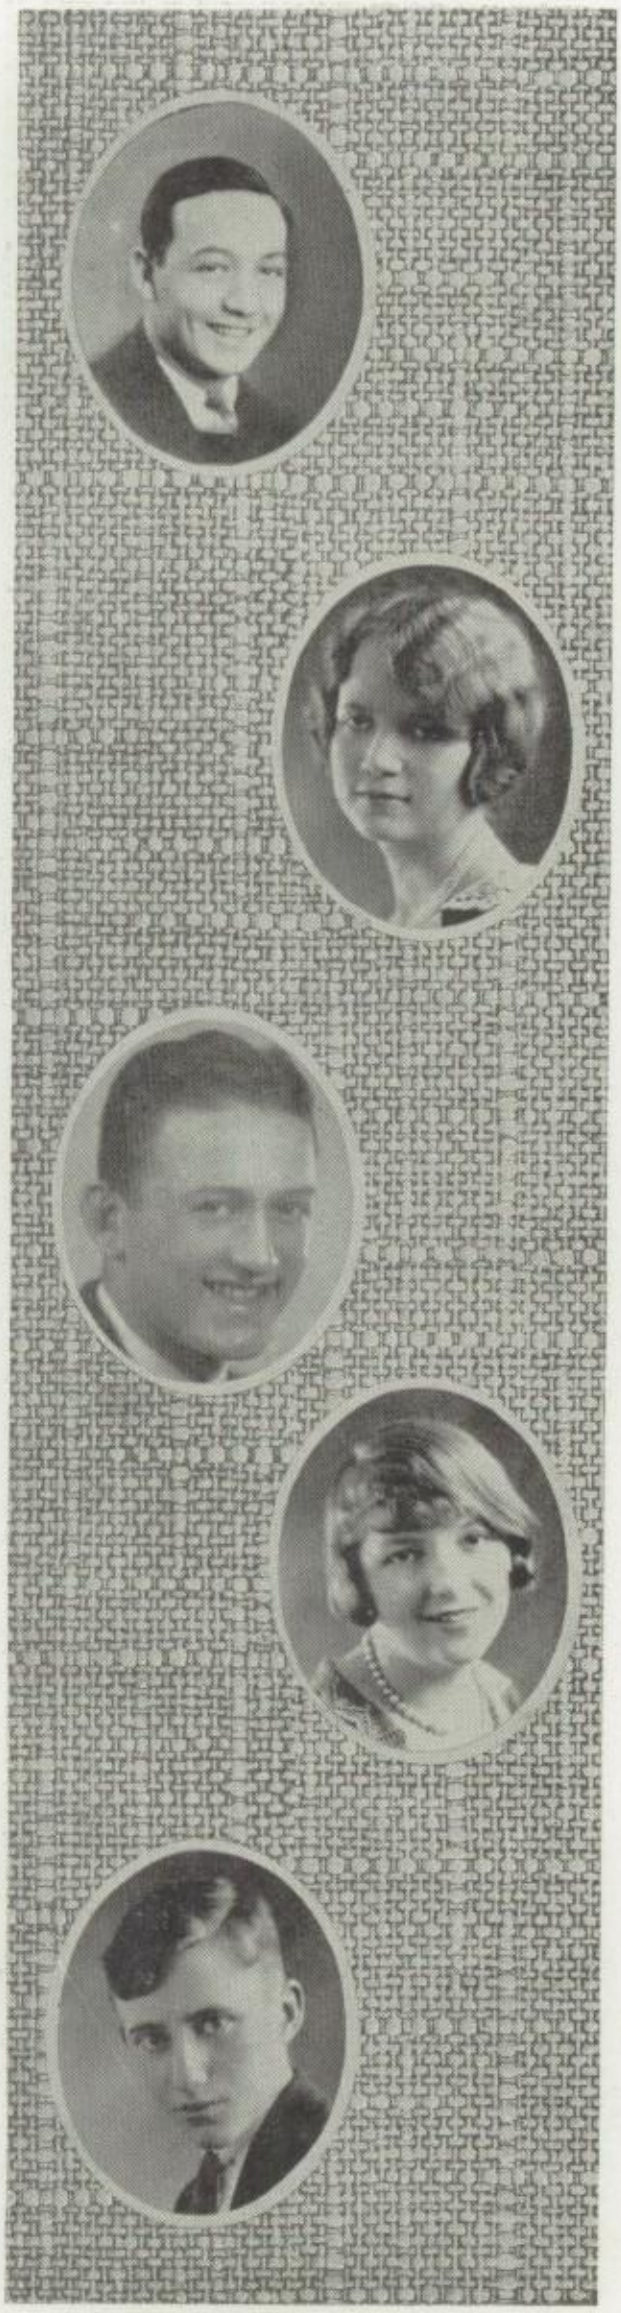
Herman impresses us with his serious mindedness, yet he's very jolly along with it all.

DOLLY GREINER

College Club, Dramatic Club.

Good-natured, charming, fun-loving Dolly,
Greatly appreciated by her class,
For when she's around you can't help being jolly,
Believe us, she's quite unsurpassed.





ARNOLD FERRIS

"Dry"

Whoo Pflung, Football, Art Club, Varsity H.

"Dry is a general favorite among both students and teachers. He surely made himself known on the football field.

PEARL N. HAGER

'Tis said that "Every woman longs to write in one book—that of a man's heart," then Pearl has often won this goal and still makes all succumb before she parts.

CYRIL WILSON

Football Team.

Everything will seem kinda blue after "Pete's" smile disappears, but one can't keep a good thing always.

GRACE SELMA ANDERSON

Good looks, good manners, and good mind,
Do most benefit this maid so fine.

RONALD HAYSLIP

Ronald is quick at drawing conclusions, and, though he sometimes arrives at the wrong conclusion—well, such is life!

JOHN FERGUSON

Stage Manager.

Johnny does most everything,
And everything most well;
From playing to stage managing,
He surely does excell.

JACK H. KINCAID

Head cheer leader, Hi-Y.

Rah! Rah! Here's Jocko, our faithful friend, most liked of all the class, who led the yells through thick and thin; spurring the hearts of the football lads.

JOSEPH ALONZO McVAY

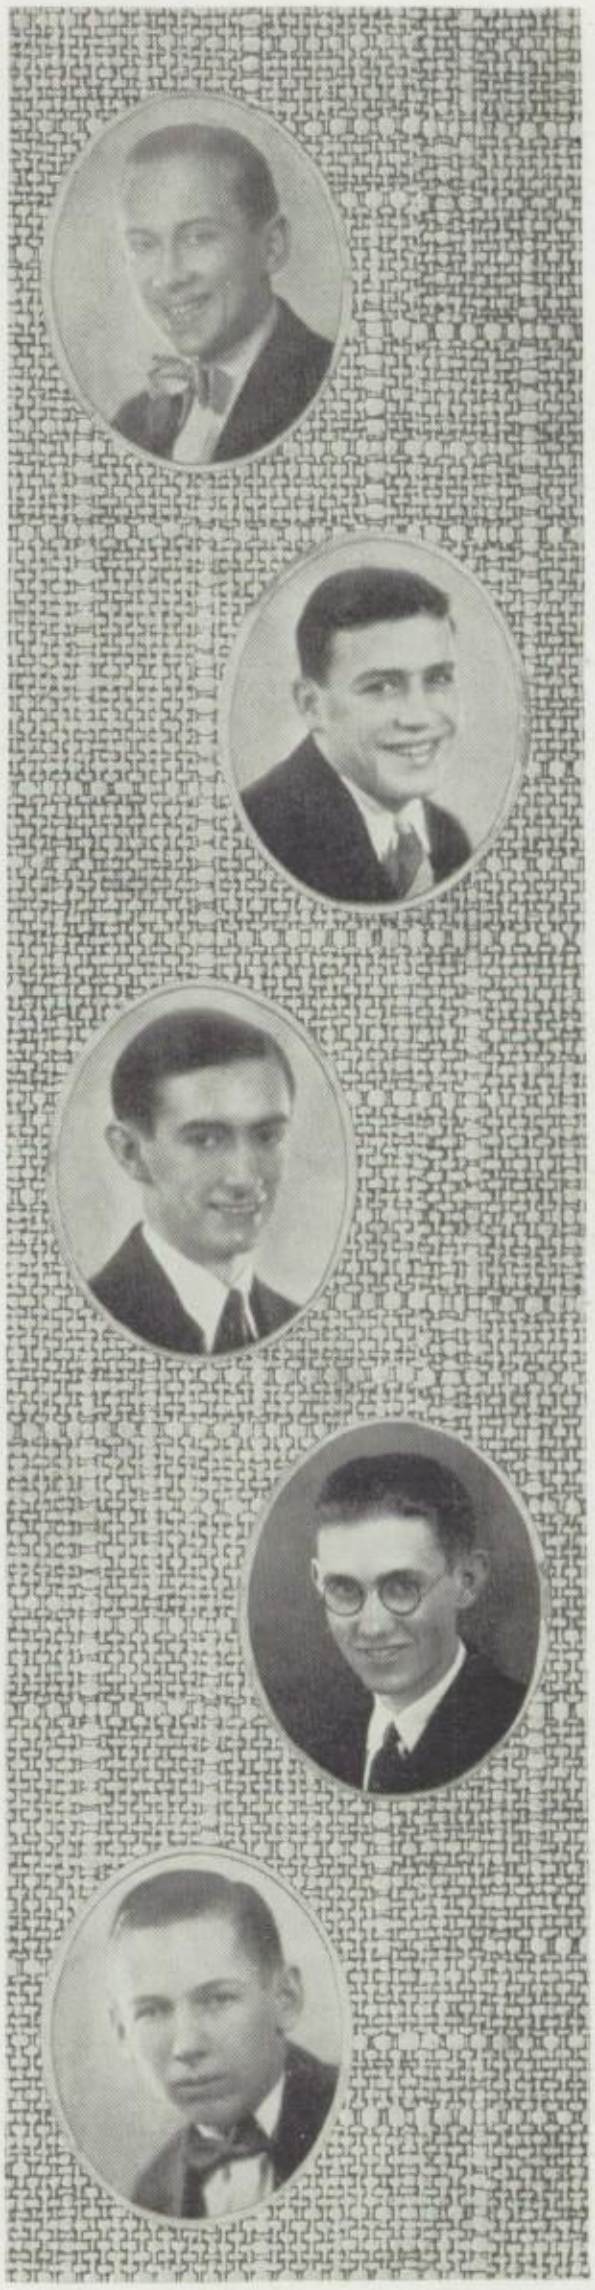
The memory of Joe's continuous smile, sunny disposition, and attractive personality will linger long in the hearts of all who know him. He's one of the most popular boys in the class of '26.

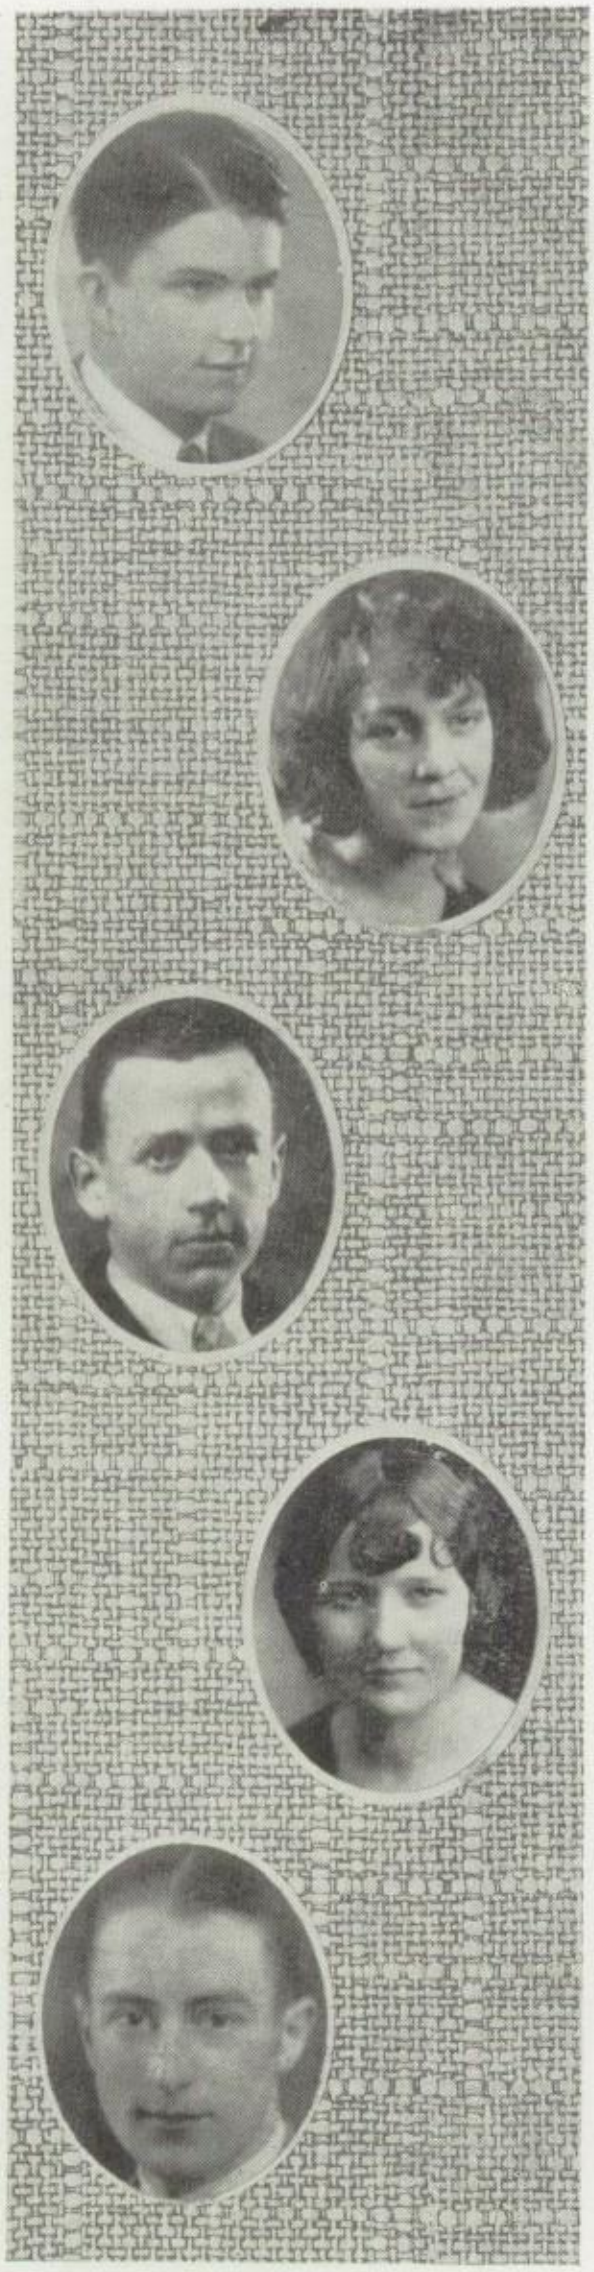
GLEN RATCLIFFE

Glen specializes in French, we will always wonder why? Probably 'cause he likes it, and probably not! Anyway though he's always on the job when it comes to a rooter.

EDWARD HUTSON

Possessed of a sunny disposition, and an easy going way which attracts many friends, we feel sure that Eddie will be a great success in life.





JAMES JONES

Jimmie has a frank democratic friendliness, and a remarkable disposition that makes him easy to know and hard to forget.

EVELYN PHILLIPS

Basketball Team.

We find her a star in basketball,
But, mind you, that isn't all;
She's sweet, she's witty, and nice and pretty
For her type they surely fall.

DRURY BURCHETT

Dull care does rest but light on him,
Much as a feather on the wind;
For he is known throughout the school
To be a jolly and witty boy.

EDNA HALL

Glee Club.

Edna has a voice that brings Paradise before your eyes, and a personality that is most attractive.

THEODORE BRAMMER

January Senior Play.

Teddy is the tall, rollicking fellow who carried off honors in his Senior play as "Pete Swallow." He belongs to the January graduating class.

JAMES NASH

Football Team, Varsity H Club.

Jimmy, the sandy-haired football lad—
  Jimmy, with his heart of gold,
Ah, gee—we haven't room to tell everything here,
  Meet him once and the story's well told.

GEORGE McINTOSH

Honorarian, Athletic Manager of Teams.

It's almost unnecessary to say anything about George. It would be the height of ignorance to admit that you knew him not, for everyone knows him and everyone loves him. He's a jolly, capable chap, noted for his record in sport, fun and studies.

ELLIOTT McCREA

Hi-Y Club.

This lad with his Irish tenor
  Sings his way deep into the heart of a maid;
Songs of love and too, of battle,
  And at his feet, their hearts they laid.

MARY JANE GERBER

Mary Jane is a winsome lass,
  With a heart of purest gold;
She's always at the head of her class,
  And her friends are manifold.

FRED HOLLEY

Fred reminds us of a tack—bright and can't be "sot" upon. He's so anxious to make a name for himself in the world that he works in the afternoons.

GRAYSON THORNTON

Grayson spent the last quarter of his Senior year with us. So far he proves to be quite a success as far as a friend and a student is concerned.

In February, 1924, there entered into H. H. S. a new group of Freshies who differed greatly from the usual Freshman class, which knows not and knows not that it knows not. These Sophomores knew not, but they knew that they knew not, and they were determined to learn. Besides accomplishing this aim in the two and one-half years that they have been here, years full of enjoyment and pleasure, they have joined the ranks of athletes, poets, writers, and musicians. They are not yet seated on the pinnacle of glory, but are ready to take the seat of the mighty as soon as the Senior A's depart.

Here is the cream of the High School, in scholarship athletics, and talent (or what have you). Each member has the true school spirit, the pep, the ability, the initiative—the every quality of a one hundred per cent class—truly a winner among winners. And has this class ever shirked its duty or dishonored its school? No, no, and never will! The members are loyal to their school, and are behind it, backing it—always. Do these qualities not place any class in the high esteem of other groups in a school?

"Beauty is its own excuse for being,"—we believe that Emerson had the class of nineteen-twenty-seven in his mind when he wrote this. You say, "Prove it," well, you have only to glance at the accompanying picture.

Foremost in everything—the pride of the school—the class of '27—WATCH THEM.

Christmas, one year ago, there entered into these renowned halls one more class of wild-eyed freshies. And, to be sure, freshies they were, running from place to place, staring with fearful and respectful awe at the upper classmen.

But now—NOW! Don't dare call them freshies—they're bona fide Juniors. They haven't won many laurels yet in athletics, but they're well represented in the brainy organization, the Debating Club, and they say they have something up their sleeve that will soon make the whole school sit up and take notice.

Their past history gives them a good start, so in the future WATCH THEIR SMOKE.

Many things can happen in one year at H. H. S. At least they have to the Sophomore A's. They came here last September as five separate groups from the same number of Junior Highs. In the nine months they have been here they have ceased to act in five parts and now work together as one for the good of the whole school. You Juniors and Seniors don't believe that, do you? All right, just listen to them cheering whenever there's need of any cheering. And listen to yourself yell when Jack has their "Happy" and "Runt" out helping him lead the cheers.

When it comes to athletics and school activities you other classes had better be on your guard, for the Sophomores already have a good start and are beginning right now to lead a "Charge of the Light Brigade" through your lines, only it doesn't look as if they are going to be beaten.

The biggest class to enter high school so far and, we believe, the best. Two hundred and twenty strong, we are waiting for an opportunity to prove our devotion to the school. Many football stars, many musicians, many orators, many "Torches" are in our ranks. Give us a chance—then watch our smoke!

STUGE McINTOSH

Look who's here! Where? Everywhere! Here he comes, the manager, and he did a good job of it too. He knows all about the needs of football stars (and others) from the time they rise in the morning until they go to bed at night. He's a doctor, chiropodist, harness maker, a dietitian, and all around handy man. He's always going, always doing something useful or otherwise. Best wishes, Stuge. May you live long and prosper.

BASIL BRANGHAM

There may be better halfbacks in the state than "Bas", but no one knows where they are. Besides his brilliant offensive tactics Basil is a whale on the defense and one of the most valuable players on the team. He's next year's captain.

TOM STARK, Captain

Captain Tom Stark was absolutely and undoubtedly the mainstay in the Red and Blue line. This is Tom's second and last year at tackle. May he and Iola have a wonderful time.

"PETE" WILSON

We should have said Cyril, for that is his real name, but it seems more natural to call him "Pete" so here goes. Pete was one of the feared men of the local school when they met any ancient rivals. Pete, by his brilliant playing at end, was probably responsible for many victories.

COACH SLUTZ

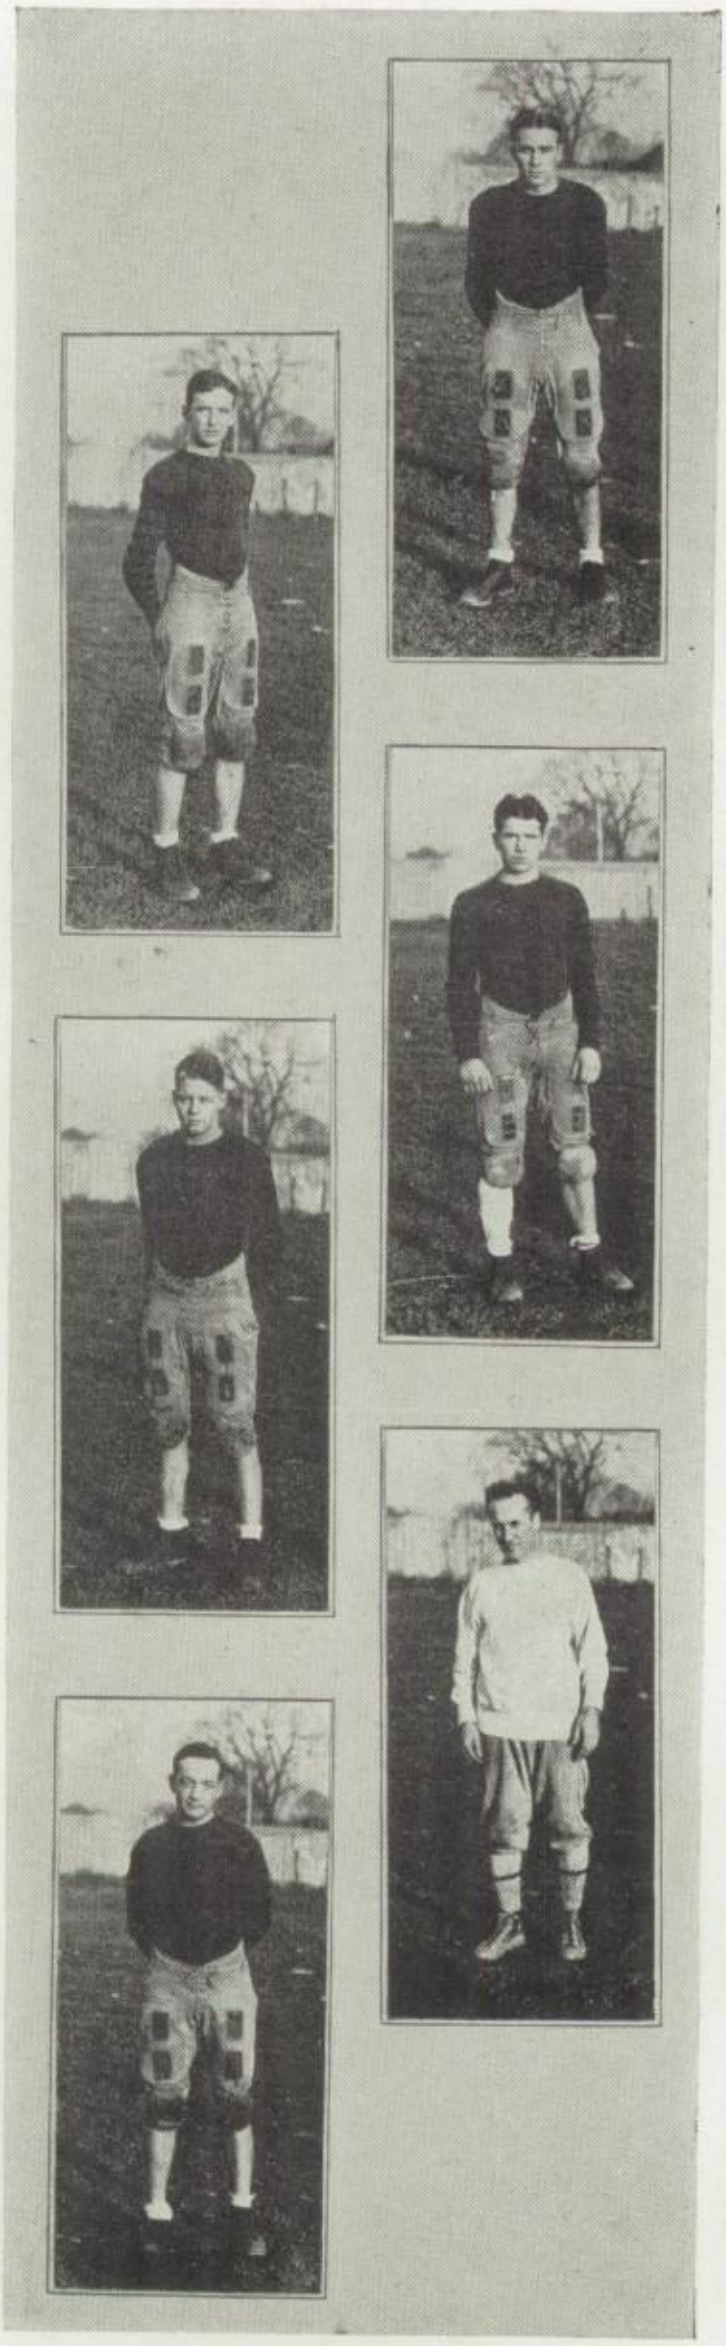
Old H. H. S. is indeed lucky to have for its coach an all around hard-boiled Henry. One Mr. Slutz, Esq., Mr. Slutz believes in hard work and lots of it. It has been for this reason that he has put one of the best teams in the United States in the field the past three years.

DAVID PUTHUFF

Here is one of the best football players Huntington High ever turned out, and we all wish him every success in life. In every game in which he played he displayed a world of class.

RALPH WILLIAMS

Ralph is another man who caused the other teams a lot of trouble. Ralph is a good all around football man on the field of play. He is the real triple-threat terror. Does he pass? Ask Ashland or Charleston.



WILLIAM POWELL

Bill is one of the best quarterbacks in West Virginia. He is one of the fastest and lightest men on the team. He may play the quarter position this coming season again. Let's hope so.

JIMMY NASH

Jimmy has played a conspicuous role on the team for two straight years, but 1925 was by far his best year. Jimmy, by his brilliant play at end was one of the reasons the Red and Blue showed up so well.

STANLEY KINGERY

One of the greatest bulwarks on the Red and Blue's 1925 squad was none other than Stanley Kingery. And we're here to state that when a hole was needed in the visitors' line, Mr. Kingery was always "Johnny-on-the-Spot."

EUGENE YORK

Eugene played his first year on the Varsity and proved himself as snapperback of great worth. He is noted for his accuracy in passing and proved insurmountable barrier to the opposing team.

ASSISTANT COACH McDERMOTT

Three cheers for the Fighting Irishman. The man behind the front, but if it wasn't for Mac, where would our football men for next year be? Willing to work in the sidelight with loyal, honest efforts, giving his best to his school.

ARNOLD FERRIS

Arnold has played two seasons of good football. Heavy and aggressive, a good hard tackle and one who knew how to play football and played it.

VERLIN CHILDERS

This young man's name has become a by-word at Huntington High School because of his incomparable showing on the gridiron. The only words he knows are "gimme that pill," but these have proven more than sufficient.

WHIT CONLEY

Whit is the boy who would make Hercules look sick, and what we mean, he is some "pumpkin" when it comes to the gentle art of "Knock 'em cold."

HARRY MARTIN

A rarin', tearin', fightin', son-of-a-gun who won more battles on the field than in the class room. Harry has never been a sensational player and for this reason he has received very little credit for his efforts.

"REGGIE" SANFORD

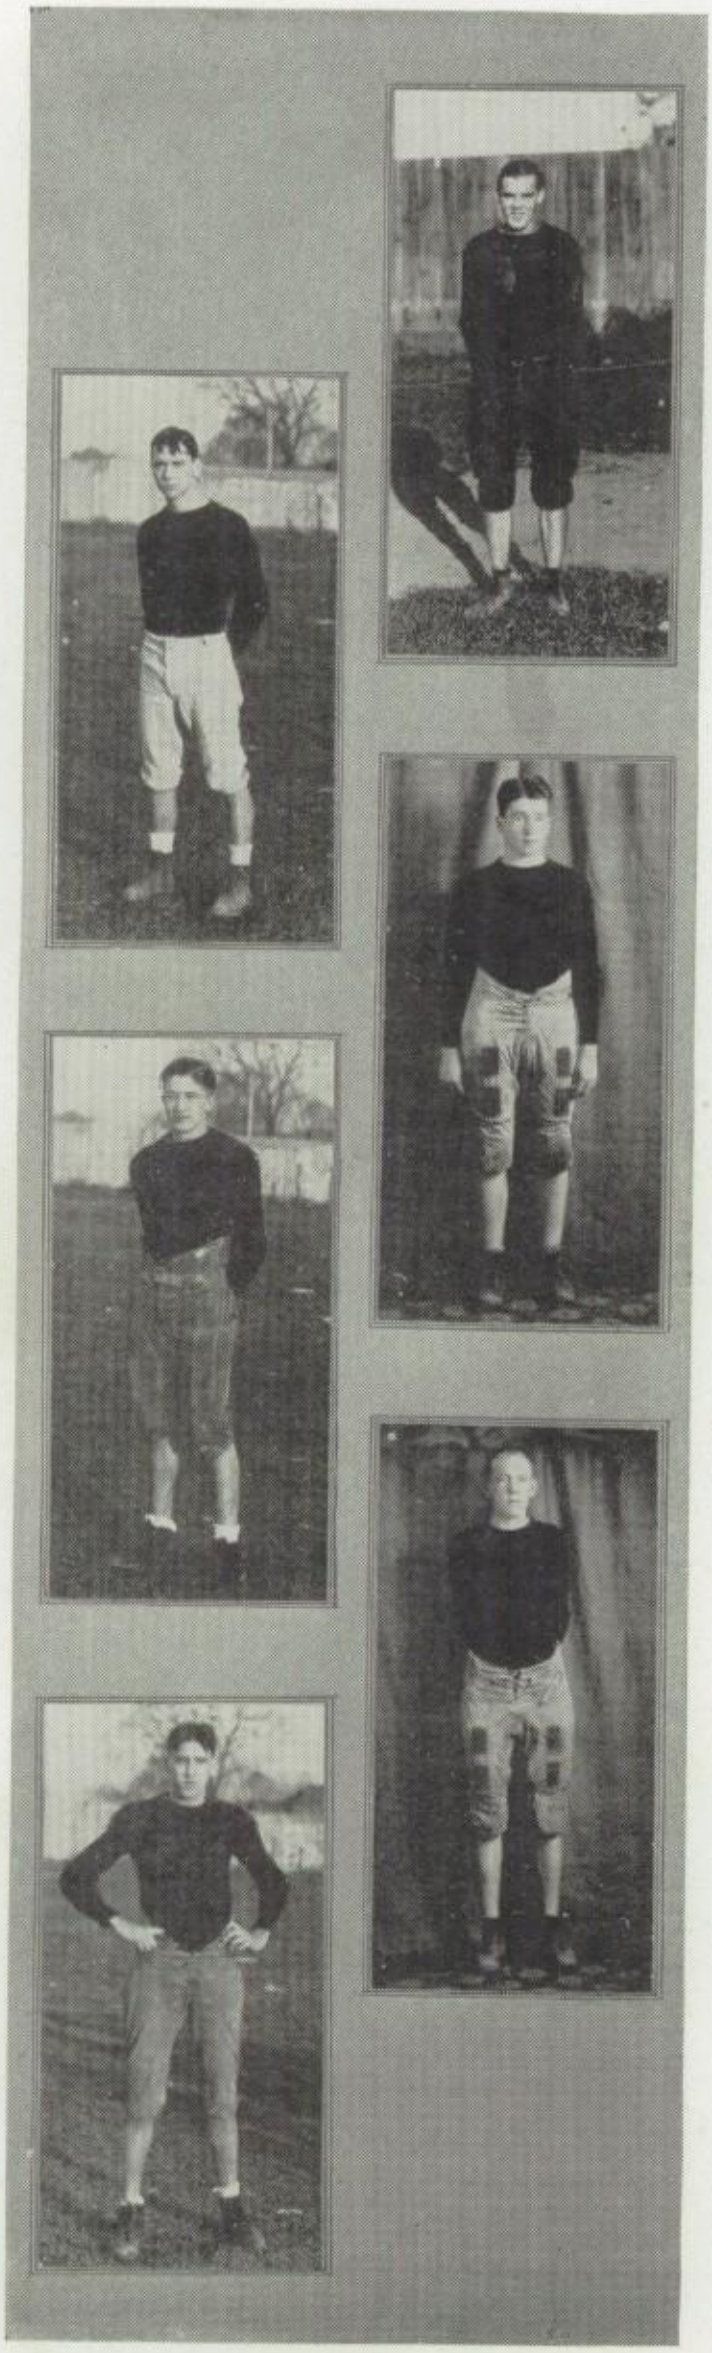
We've always heard that "good goods come in small packages." Now we know it. For gameness and grit, our hat goes off to Mr. Sanford every time. Reggie is another one of those who won't be there when the roll is called next year.

WALTER SUMPTER

Walter proved to be the man whom other high schools feared, and he was just one—one of the large ones—of the eleven men who stopped Charleston in their championship dreams. Best of luck to you, Walter.

EWART McCOMAS

Ewart is well known by the fans as well as the students, and he will be the mainstay of the team next season, his last year in Huntington High School.



"BULLDOG" REILLY

"Bulldog" did not make a regular berth on the first team this year, but in several games in which he did play he showed a good brand of football. He'll be with us next year.

JULIAN POLLARD

"Snub" was another of our men who could sidetrack or sidestep any football man in the state, and it is with much regret that the school lost him this year.

CLAY JACKSON

Yes, sir, this is the boy they're all talking about. This is the young man who catches passes as if he were picking grapes. He, too, was hurt in the first of the season, but in the games in which he did get in it seemed as if old man luck was on his trait. "Red" has the stuff and we're looking for great things from him in the near future.

CLYDE WRIGHT

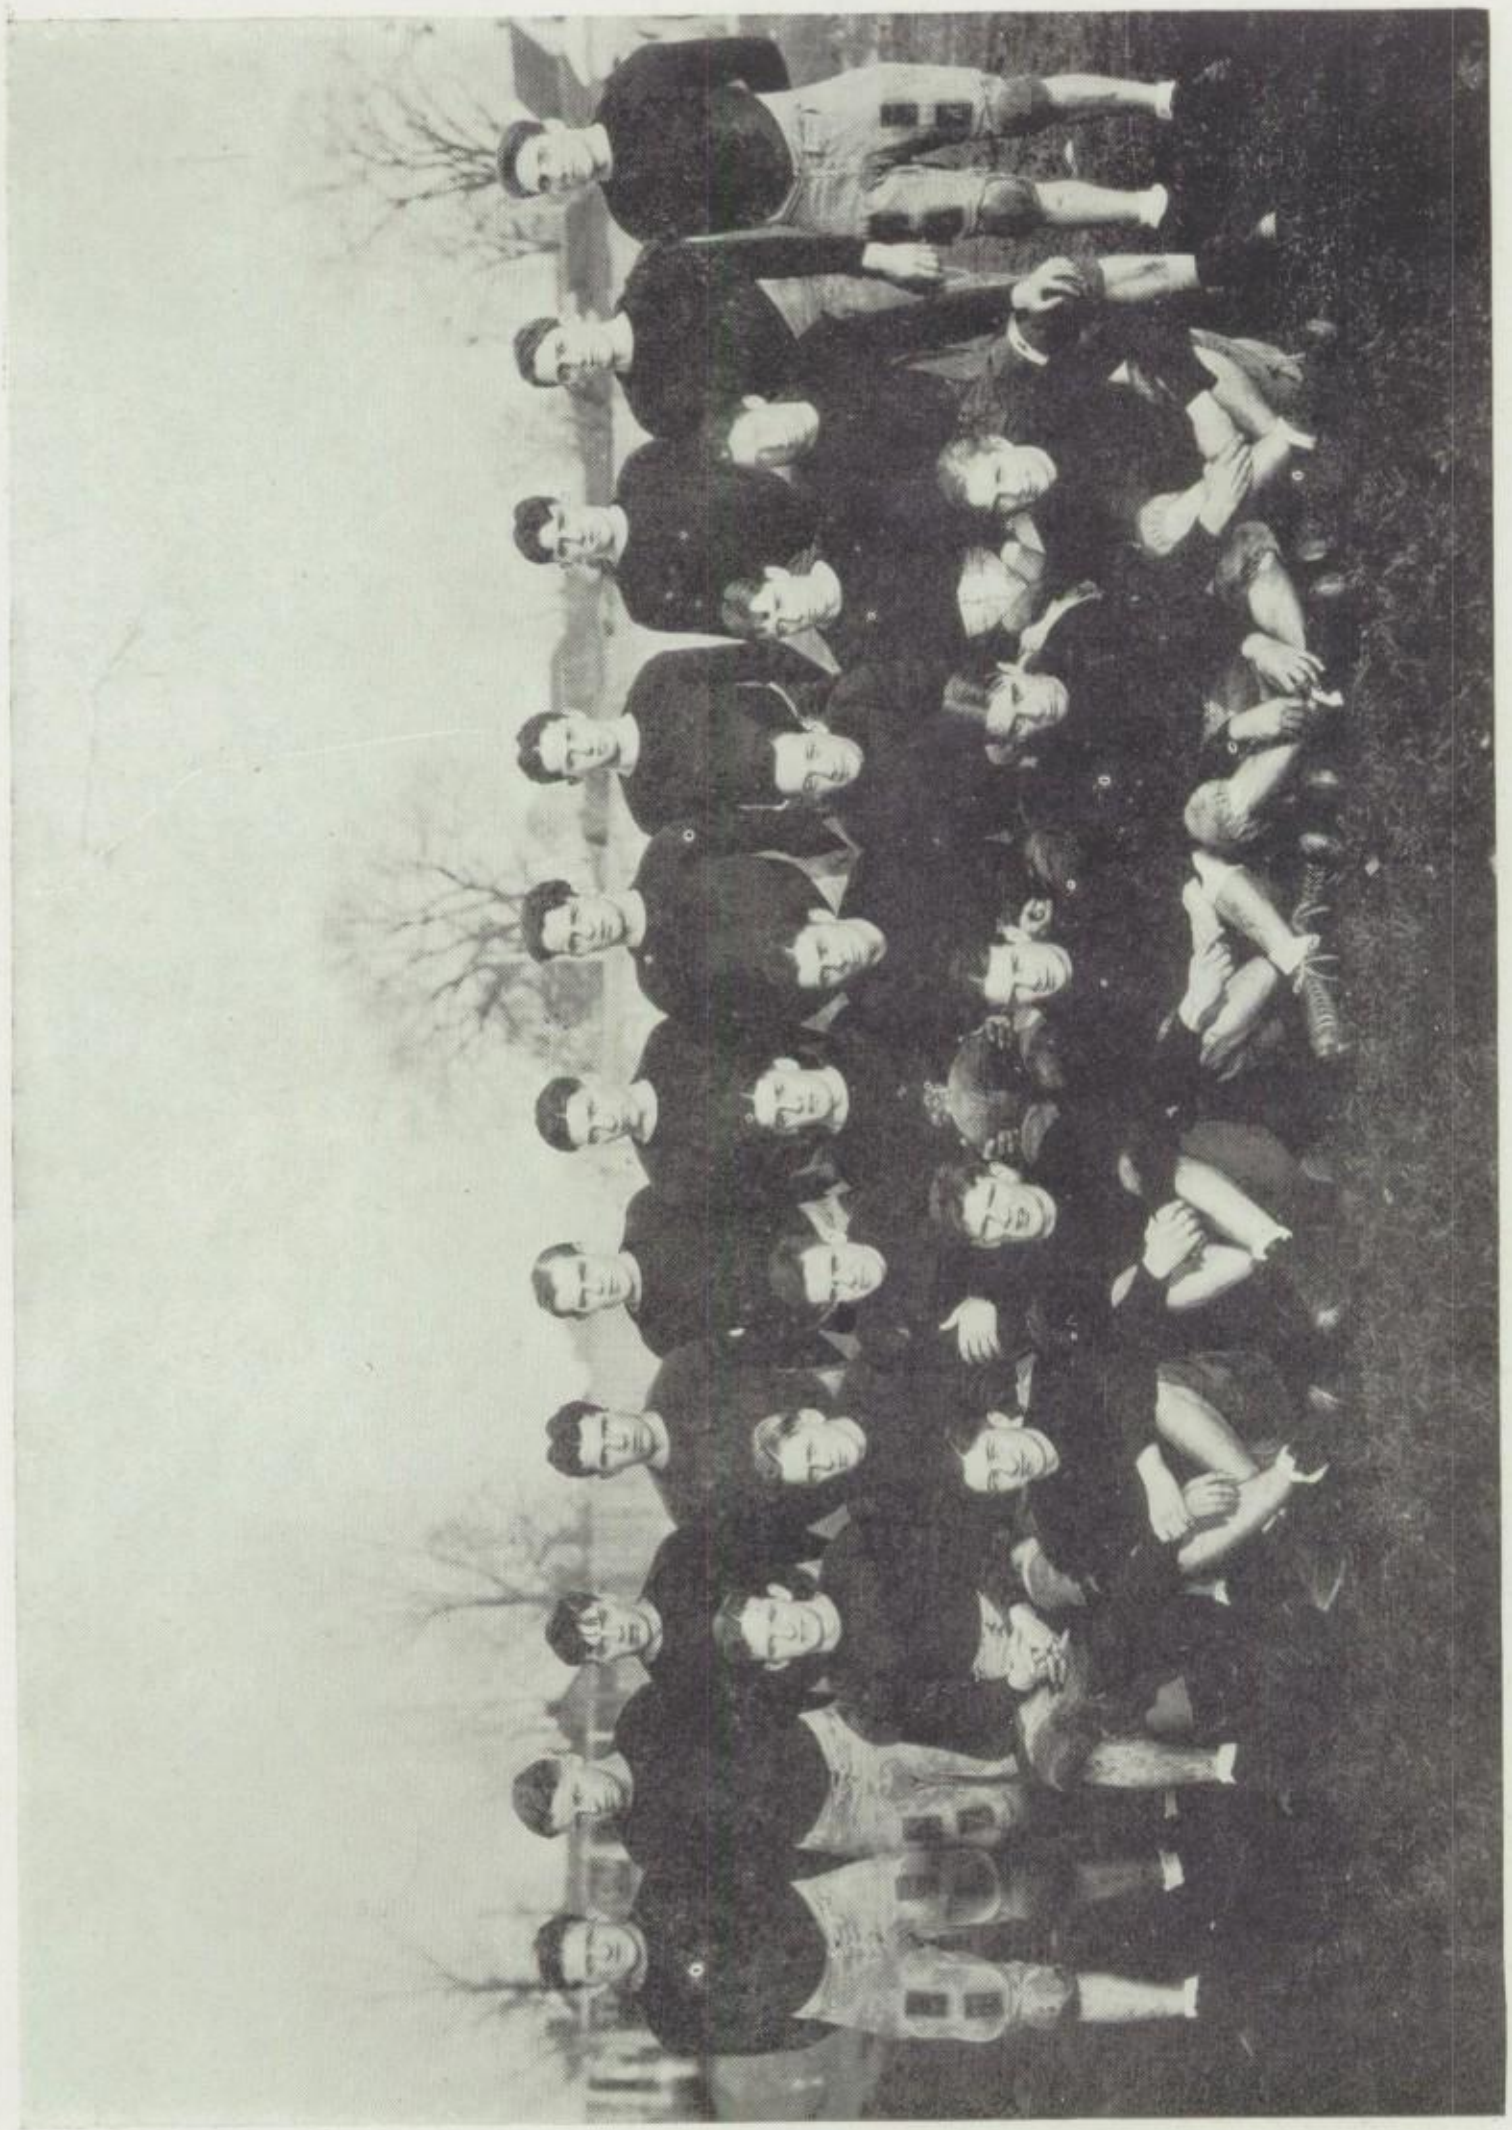
Here's a young man whose pleasing personality has made every student at Huntington High School his friend. Here's hoping he goes as well on the gridiron of life as he did on the football field.

LAWRENCE GODBY

Lawrence will be one of the very few who will enroll next year. Although Lawrence was hurt during the Logan game, he earned his letter as much as any other player did. We are expecting great things from him next year.

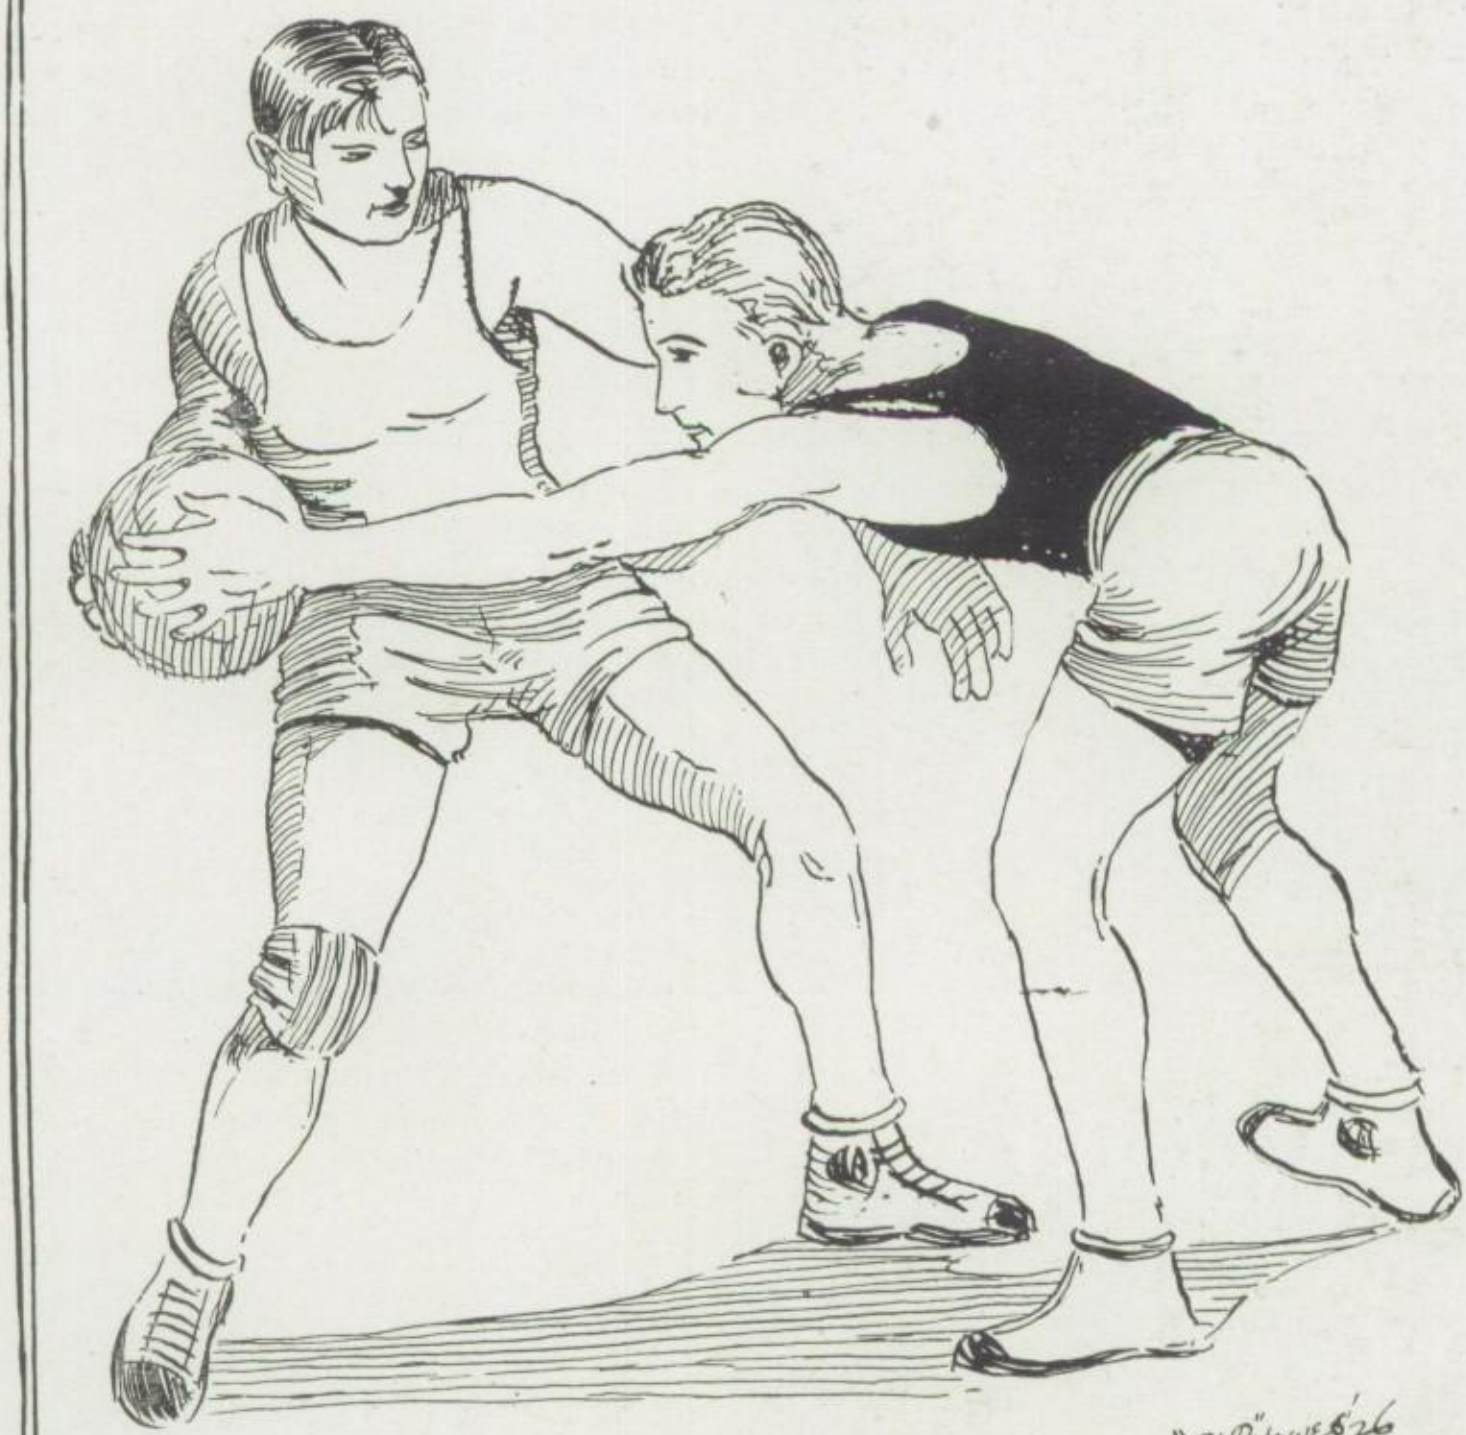
JIMMY SMITH

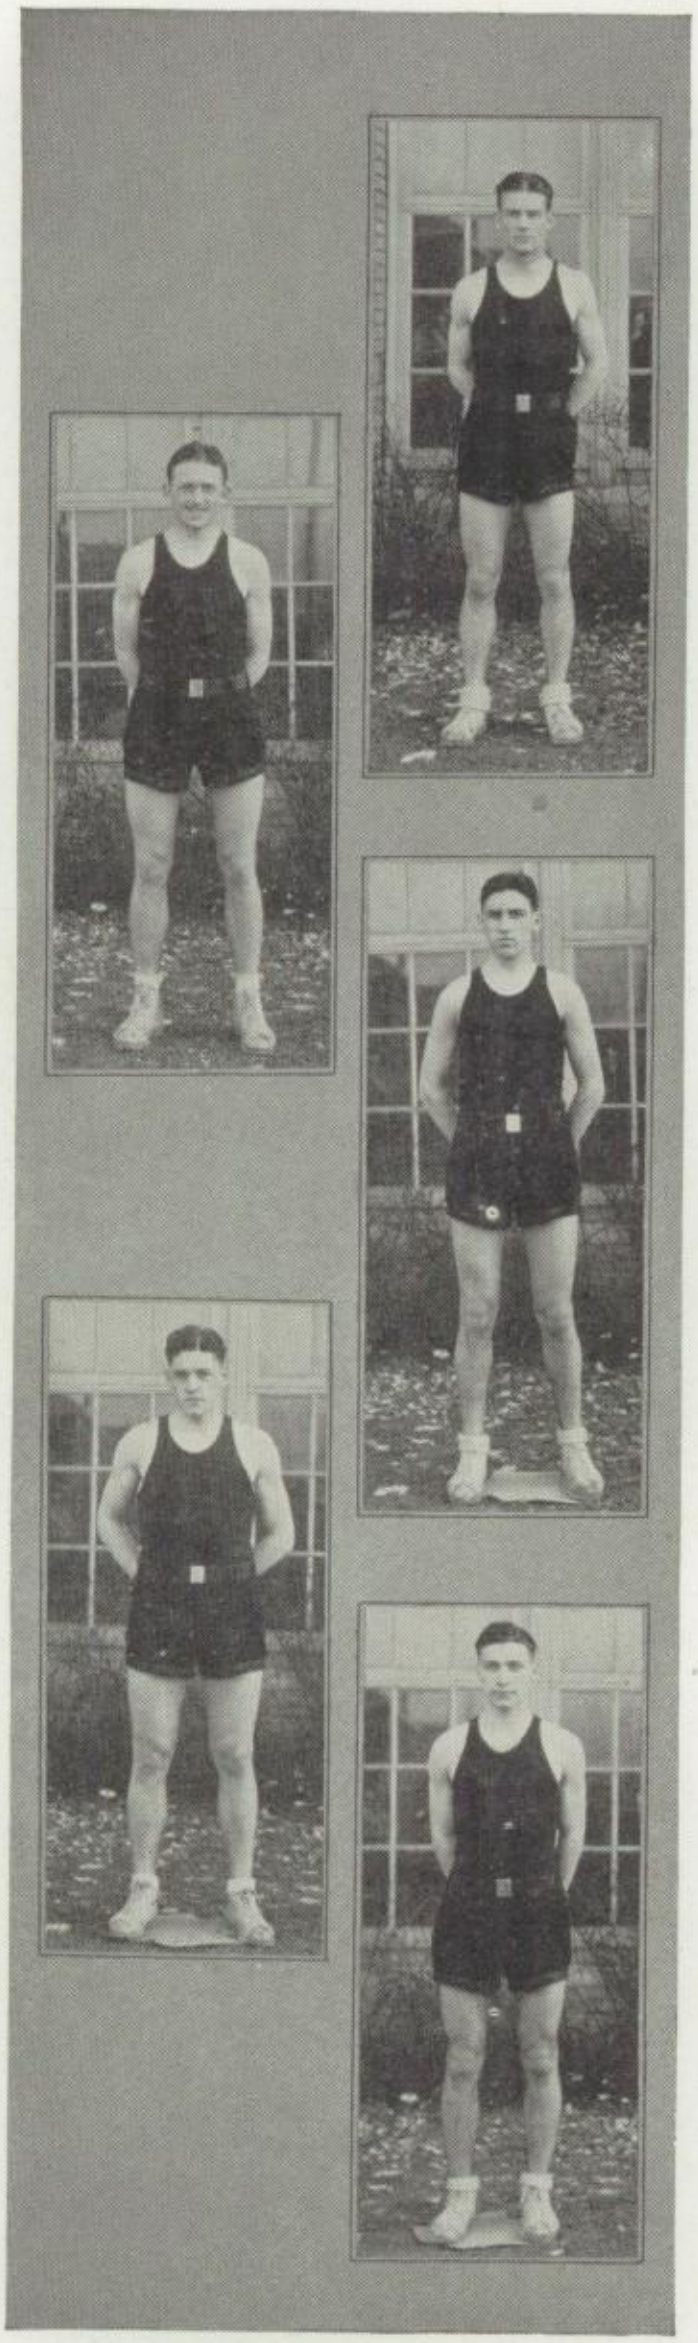
Jimmy was one of the best centers that ever played on Huntington High Squad. This is the lad who caught the pass in the Portsmouth game which made him famous. We wish him the best of luck in his future career.



FOOTBALL SQUAD 1925

BasketBall





RALPH WILLIAMS, CAPTAIN

The guarding of Ralph is to be marveled at. His fast playing has spoiled many of his opponents hopes of gaining a basket. He has never failed to keep up his end, and has been a very important factor in the success of the season.

CYRIL WILSON

It is very unusual that a school can boast of a basketball player such as "Pete" Wilson, the snappy forward of the Red and Blue team. In the tournament at Marshall, he was one of the high point men. Good luck in your future years, old boy.

JIMMY SMITH

The center of this illustrious team, Jimmy Smith, has been a terror of his opponents. His work in some of the games showed that he had the making of a real basketball player. Big things are expected of him next year.

TOM STARK

We know the work of the other boys would be worthless without the help of Tommy Stark. He has done wonderful work as guard and we know Mr. Slutz is proud of his clean playing.

GEORGE POINTS

George's faithfulness, loyalty and pep helped the team to win many games. Without a doubt Huntington will suffer from the loss of him, as he, too, is a graduate of this year.

COACH SLUTZ

Although hard boiled and business on the hardwood court, no one is more human at heart than this sedate professor when his leisure moments allow him to relax his rough exterior, and be his natural self. We like him as a teacher, we like him as a coach.

WILBUR SORTET

Sortet, another "Freshie" of the Red and Blue team, proved to be one of the best forwards of the state. It is hoped that he will retain his title next year when the Huntington lads are seen in action.

WILLIAM POWELL

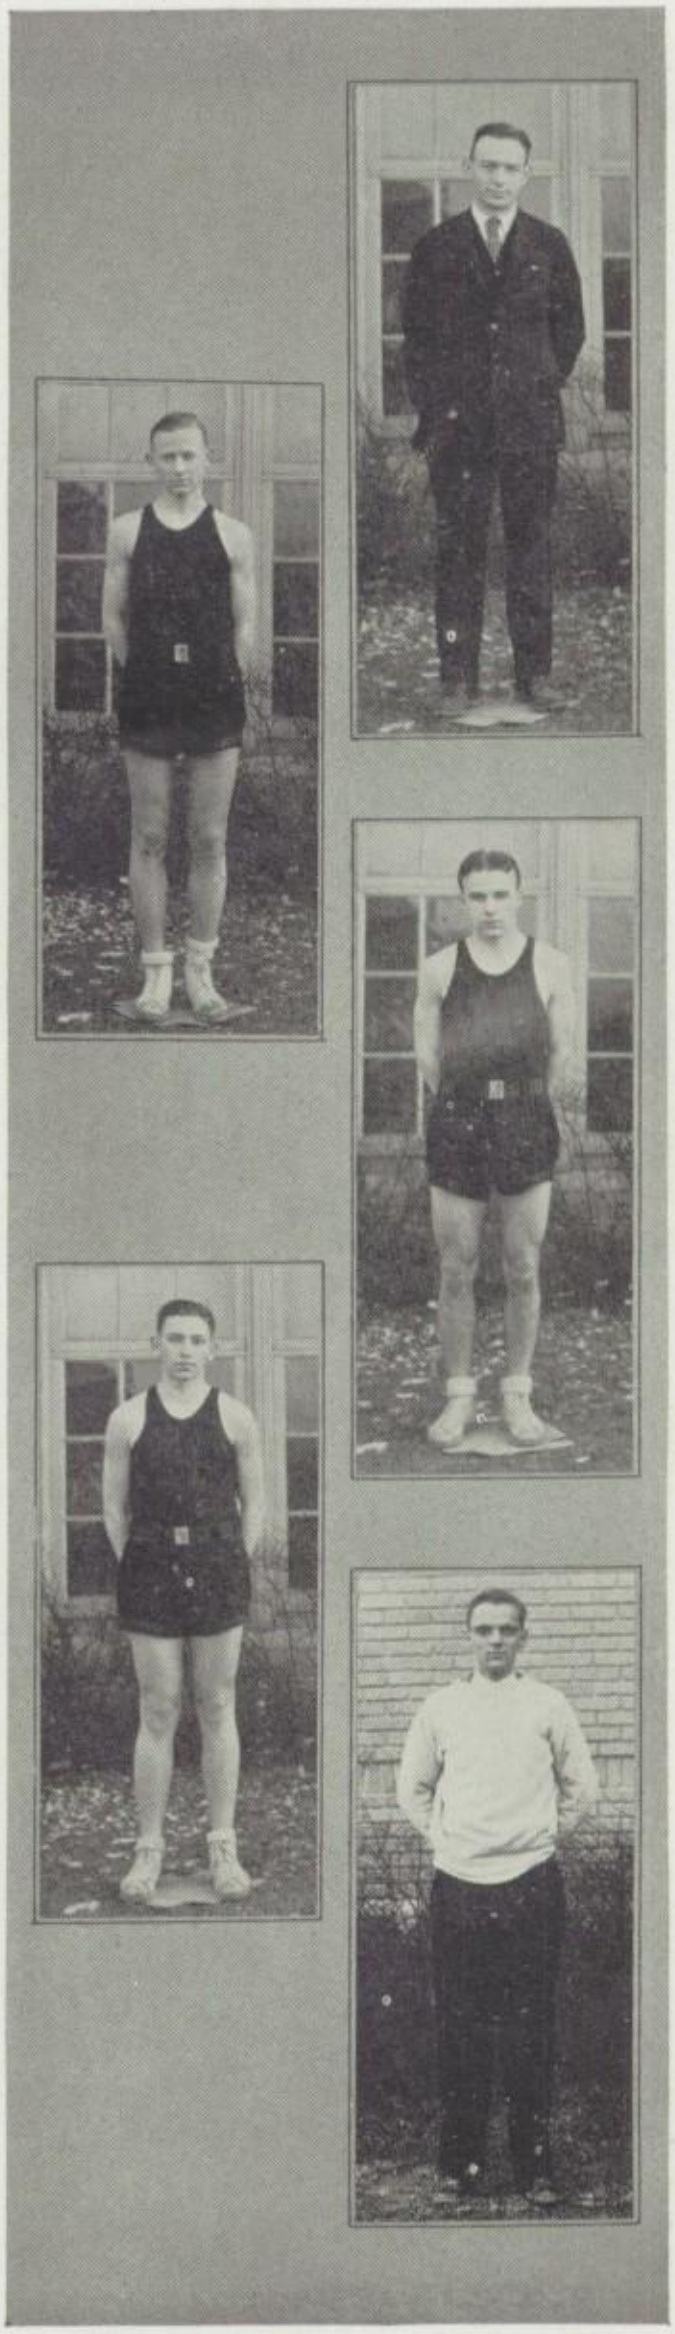
Bill Powell, a speed merchant, the best floor man in many a year at H. H. S., and is always fast and always dangerous. He'll be with us next year.

TOM BROOKS

Another mainstay of the basketball team was Brooks. Tom came to us a "Freshie" but succeeded in making the team without half trying. We are glad to say that Tom will be with us again next season.

GEORGE McINTOSH

Always on the job, especially with the publicity, George proved himself a regular manager. No manager accompanied the team on trips this year.



TOURNAMENTS

Entering the Marshall Sectional Tournament as favorites, Huntington High sharpshooters easily demonstrated that they were the class of the field. Romping through the preliminary games with ease, the Red and Blue artists massacred the Logan High team in the final battle by the overwhelming score of 26 to 8. Scott District, St. Albans, Parkersburg and Logan were the teams that had the pleasure of losing to the locals, who were on the way to their first sectional championship and not to be denied.

"Pete" Wilson was the heavy gunner for Huntington during the various melees and probably made more points by himself than all Huntington's opponents put together. Ralph Williams, Tom Stark, Jim Smith and "Whitey" Sortet all had a nice time and enjoyed the week-end greatly.

The State Tournament at Buckhannon a couple of weeks later was another story and a sad one, too. After easily mopping up the lads from Sutton, our prides and joys ran into a snag in Triadelphia and were eliminated from further competition by the painful and pitiful score of 12 to 9. The passing and team work were fair, but the shooting was awful to behold. WHY? Well, "Pete" Wilson, who missed a dozen snowbirds by his own count says he gives up. Assistant Coach McDermott says he gives up. Coach Slutz says nothing, so we give up too, and that's that.

Girls Basketball

Huntington High has made a very good showing this year on the court. They played twelve games and lost six. One bright spot was the walloping of Mount Hope, a feat that is not to go unnoticed.

Huntington High finished the season by winning the Y. W. C. A. tournament again, three times in succession. The Huntington girls showed up very well in the tournament awards. Frances Ray was chosen as captain of the all-tournament team, Lucille Pierce and Erma Jeffers were chosen as forwards and Louise Pierce got honorable mention. Frances Ray was chosen as best all-round player.

ERMA JEFFERS

This will-o'-the-wisp played a wonderful game the whole season and won tri-state fame. She has won a place on the all-tournament team for two successive years.

DOROTHY McCORKLE

Dorothy was the captain of the team the the first of the season and when she left, Huntington High lost one of the best players that has ever played on the team.

IMOGENE McALLISTER

Although Imogene was injured in the first game with Charleston, she gave her loyal support to the team throughout the whole season.

ELEANORA BICK, Captain

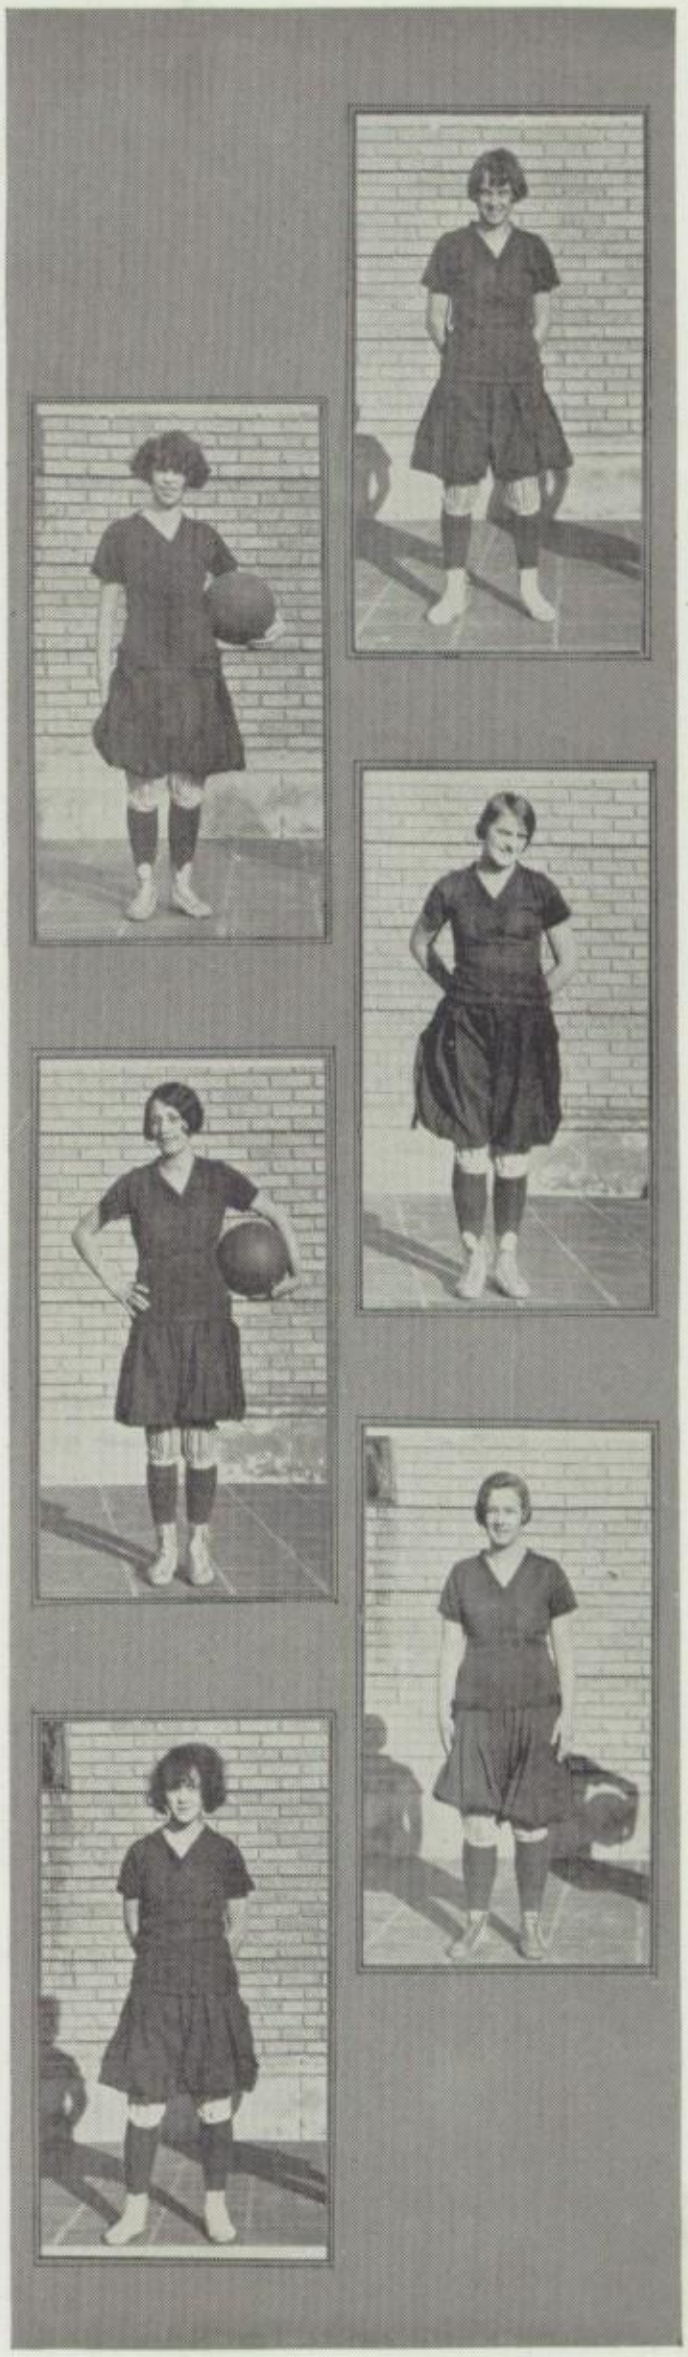
Eleanora has shown wonderful ability as a guard and was recently elected the captain of her team. You can always count on Eleanora.

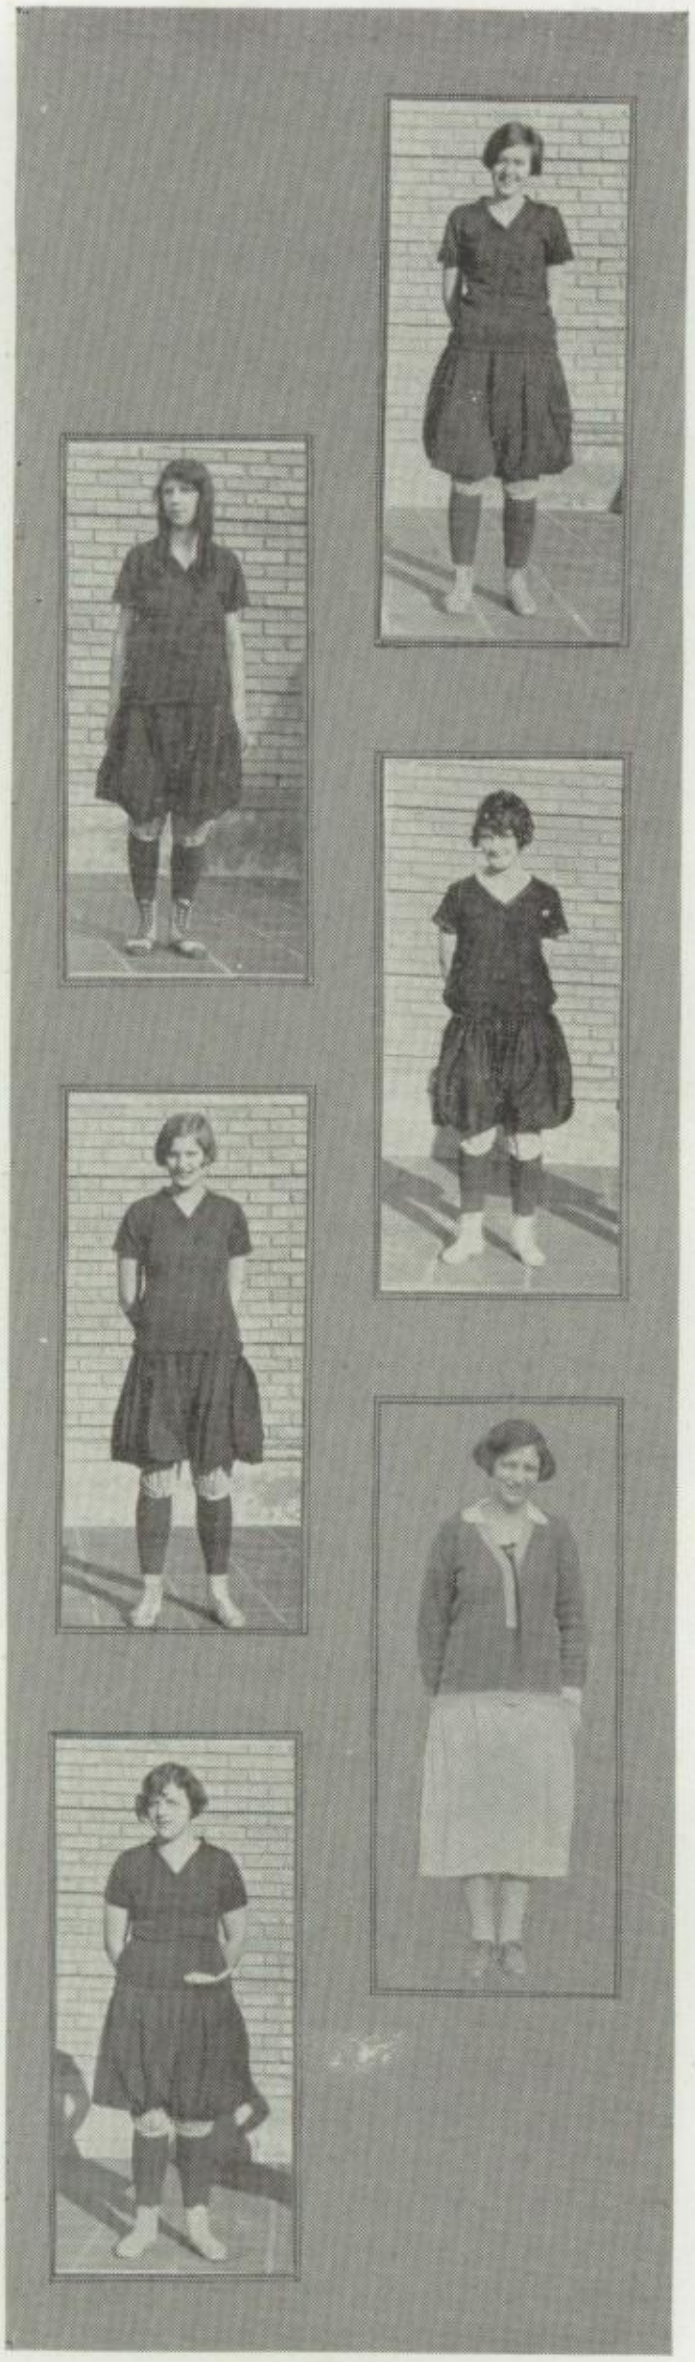
LUCILLE PIERCE

"Big" Pierce has the reputation of being one of the best forwards that ever played on the Huntington High Basketball team. She was the leading lady in the last game of the "Y" tourney and received a position on the second all-tournament team.

EVELYN PHILLIPS

Evelyn has shown wonderful dexterity as a guard on H. H. S. team for two years and without her the all-star cast of Huntington High's team would be incomplete.





LOUISE PIERCE

"Little" Pierce proves that priceless things come in small packages and without her the team would be incomplete.

NAOMI EGGLESTON

Although Naomi is a sub her faithfulness, loyalty and pep helped the team to win many points.

HATTIE HURT

With her fast playing and air-tight guarding, Hattie has spoiled many of her opponents' hopes of gaining a basket.

FRANCES RAY

This peppy young lady has certainly been a shining star for H. H. S. this year and was chosen captain of the first all-tournament team. She was selected as the best all-around player of the tournament, too.

MISS CLARISSA WILLIAMS

Without Miss Williams' hard work and wonderful co-operation, Huntington High would not have been successful. Three cheers for Coach Williams.

MARTHA JEAN DOAK

One of the guards is Martha Jean, who has been a loyal standby to the team.

The presentation of "Mrs. Bumpstead Leigh" was a worthy addition to the calendar of events tabulated by the January Class of '26. The pronounced success of the production was due to the marvelous direction of Miss Ethel A. Grose primarily, and also to the artistically dramatic performance of the members of the cast. It was only through the painstaking efforts of Miss Grose that the January Class was able to unfurl and raise so high the flag of dramatics.

The drama, "Mrs. Bumpstead Leigh" centered around the beautiful, diplomatic and determined woman, Mrs. Bumpstead Leigh. This woman, a born leader hampered by social and financial conditions, longed to attain for herself and for her darling young sister a spectacular place in society. Mrs. Bumpstead Leigh's sincere love for her sister spurred her determination on through adverse and embarrassing situations and by her commanding personality and cunning way she won the prized position.

THE PLAYERS

Dulcy, beautiful, but dumb wife	Lady Lou La Lance
Gordon Smith, the husband	Trueheart Gould
Mr. Forbes, irritable millionaire	Pyron McMillan
Mrs. Forbes, his wife	Virginia King
Angelia, daughter	Kathryn McKnight
Vincent Leach, scenarist	Stewart Reushlein
Van Dyke, musician	Charles Brockmeyer
Bill Parker, brother of Dulcy	Harry Martin
Tom Sterrett, engineer	Jim Hollandsworth
Patterson, attorney	Verlin Childers
Henry, butler	Ray Kirby

ACT I. Just Before Dinner on a Friday

ACT II. Immediately After Dinner.

ACT III. The Following Morning.

Lady Lou La Lance played the part of Dulcy in her characteristic way. Her vivacious manner was well displayed at the week-end party in her eagerness to keep her husband, and in the pathos shown when she thought she had failed to help.

Gordon Smith, played by Trueheart Gould, was skillfully taken. Trueheart's voice and personality captured and held the audience as well as Dulcy.

Angela played by Kathryn McKnight was a real vamp as she displayed the art on Leach, Sterrell and Bill.

Tim Hollandsworth as Tom Sterrett was a much alive young man who believed in personality and knew he had it. Tim knew his stuff.

Who could be Bill, good natured and pessimistic. Happy-go-lucky Bill, but Harry Martin? No one.

Vandyke was one of the difficult roles and Charles Brockmeyer, who looked and acted the part, deserved the applause he received.

Stewart Reushlein as Leach was a typical scenarist. Stewart knew how to make love to Angela, but didn't know the wiles of a woman.

Mrs. Forbes was played by Virginia King. She had all the nervousness of a young wife and stepmother.

Patterson, played by Verlin Childers, was well interpreted. Keen as a lawyer and carried the air of authority.

Henry, the ex-convict servant, was well acted by Raymond Kirby, who had that ever-searching gaze for something.

The character of Forbes was well taken by Pyron McMillan. One would have thought that Pyron was a real capitalist as he displayed all the business instincts.

Hi-Y Minstrel

We will always remember the Minstrel that the Hi-Y Club gave on February 25. This was the first thing that the Hi-Y Club had attempted in the dramatic line, and it was the best and most elaborate production to be produced in High School.

A large part of the success of this minstrel was due to the excellent work of the director, Mr. R. H. Richards. We are sure that there is no one who could have put the minstrel over as Mr. Richards did.

The minstrel consisted of three scenes; the first being a naval scene, the second a Spanish scene, the third a country scene.

George McIntosh was an excellent interlocutor, and the bits of wit that he added to the performance put the finishing touch to the production.

The soloists were remarkable in their rendition. They were: Elliott McCrea, Jack Kincaid, Frank Hanshaw, Cecil Hartzell and Leonard Shawkey.

The end men who supplied the jokes and comedy for the minstrel were:

Cicero	Frank Simpson
Total Eclipse	Pyron McMillan
Asparagus	Trueheart Gould
Shinola	Cecil Hartzell
Quarter-till-Midnight	Elliott Goodwin
Senor San Paper	Verlin Childers
Senor San Pedro	Harry Martin
Eucalyptus	Carlton Hartley

The Torch Society has just completed one of the most progressive years in its history. It started in September with thirty-four new members and acquired fourteen at the beginning of the second semester. The meetings have been snappy and to the point and the social calendar has been well filled with a number of parties and other social activities.

The colors of the society, purple and white, are symbolic of its ideals, the purple standing for leadership and scholarship, and the white for character and service. It is a significant fact that the society does not stand for scholarship alone. It believes that an education is not defined merely in terms of text books for these are only incidental to the true education, but as the preparation for a noble and useful life; such a life to be spent in service to mankind, guided by the light of truth along the pathway of honor.

TORCH SOCIETY

The Crucible Club

The Crucible Club of Huntington High is one of our foremost clubs; for while its membership is based on scholarship it is one of the largest and most active of our school organizations. It was established several years ago in order to promote a more active interest in science among the students, to bring those interested in its pursuit in closer contact with each other and aid them to make a more detailed study of it than could possibly be made in the class room. And yet something more than a mere knowledge of science is required. The Crucible wants those who will prove active and industrious workers, who will attend the meetings regularly and in a general way add to the betterment of the club. Some students probably look upon the Crucible as a purely scientific and therefore uninteresting organization. On the contrary the club never forgets the importance of its social side and at the end of each season there is always a purely social meeting.

Then, too, there are always several interesting excursions to various plants in the city, which afford a great deal of enjoyment, as thos ewho visited the Boldt Glass Factory this year will probably agree. This year the Crucible has been especially fortunate in having with it Prof. L. J. Corbly, a former president of Marshall College, who has given some very interesting and instructive lectures on astronomy to the members.

At the end of each year (school), the Crucible awards to the member in the Senior A class attaining the highest mark for four years of science, a gold medal, and to the one attaining second highest, a silver medal. These medals are something, which every student interested in science should try to obtain. The club stands for school spirit, loyalty, scholarship, true service, clean athletics. It is the possession of these that makes any school club worth while and its membership to be desired by all.

"Jesus advanced in wisdom and stature, and in favor with God and men." The aim and ambition of every boy's life is condensed in this one verse. Living in accordance with this high standard means living the fourfold life. Unless a boy can truthfully say that he is continually striving for advancement along mental, spiritual, physical, and social lines in order to live more in accordance with the life of Jesus Christ, it is hypocrisy to give him the name of a real American Boy.

To provide a stimulus and an aid to such living the Hi-Y Club was organized, whose purpose is to "Create, maintain, and extend throughout the school and community high standards of Christian character." To further this end this club has provided vocational lectures for the boys of H. H. S. and discussions of questions for the betterment of the school and club in the meetings under the leadership of Mr. J. R. Marcum. These meetings Mr. Duncan, the associate secretary of the Hi-Y Club, termed the "Most progressive and orderly conducted" of any club in the state. It also has the state's largest active membership, now including 107 boys, all registered at Charleston.

The Hi-Y Club is not a reform school. Every candidate, before becoming a member, must subscribe to the Hi-Y slogan, which is, "Clean living, clean speech, clean athletics, and clean scholarship."

It would be impossible for a boy to comply with all the requirements of this oath, yet he would not be a Hi-Y member did he not try, with all his power, to live in accordance with it, and thus, by constant effort, become as nearly like Christ as possible, who "Advanced in wisdom and stature, and in favor with God and men."

The Girls' Glee Club of Huntington High School has an enrollment of 32 members at present. The regular meetings are held the sixth period instead of at 3.30, as has been the custom in the past. This has proved very satisfactory to the majority of students interested in the Glee Club and its work. There were some however, who were unable to remain in the club because of some required subjects that recite at that time.

A great amount of interest has been shown by students and there are at least fifty on the waiting list for membership in the club. This has been a very prosperous year for the club. The evening of music which was presented last fall was a great success and the musical comedy, "Cynthia's Strategy" which was given in assembly was proof of what the club can do.

Weekly Tatler

Fired with a high resolve to have a real weekly paper, Carlton Hartley, editor of the 1925-26 Tatler, returned last fall from the Parkersburg Journalistic Conference and set the machinery in motion which now evolves your Weekly Tatler. Thanks also to his efforts and those of his satellites, abettors, and fellow conspirators, a Journalism Class was organized for the first time in the history of Huntington High.

Mr. Brinkerhoff was selected by Mr. Sigler to guide the destinies of this class and the new enterprise it fostered with what success you all have seen, and can judge for yourselves. The members of the Journalism class and those others who have contributed largely to the Weekly Tatler are named below:

A school club, like any other organization, is known to the extent of its accomplishments. The Debating Club has shown real work to be their aim, and as a result have accomplished more than in former years. Debating is more popular than heretofore and a greater interest has been shown by the student body as a whole.

A spirit of co-operation continues to grow and the outlook continues to look brighter. The club reorganized at the beginning of the school year with four members from the previous year, and the close of this year finds the total membership of some thirty wide awake students. This is the largest membership the club has ever had.

The Debating Club this year has the largest treasury of any school organization. This money was acquired through publishing and selling football programs. This money has enabled the club to do greater work than ever before. This has also put the club in a position independent of the school treasury.

Beside turning out a good debating team, the club added honors to its list by sending four representatives to compete in the literary meet being held in Charleston April 10.

The annual banquet of the club was held near the end of school. After the enjoyable program and after-dinner speeches the officers for the following year were elected at this last meeting of the year.

Colors: Yellow, for light; Blue, for truth; Gray Yellow, for a blending of the two.

This club is one of the most educational social circles in the school. At each meeting we have a program and it consists not only of music, reading, etc., but of talks on some artist. These programs are chosen so as to be the most interesting and instructive.

At the begnining of every semester, a party is given by the old members for the purpose of initiation of new ones. To become a member one must have an average of 85%, at least one semester of art, and a very apparent interest in art. We have selected these rules so as to have in our club only those whom we feel will be the best to carry on our work as successfully as we have done in the past.

Our aim is to beautify our surroundings as well as create an interest in art, and develop our ability as artists, designers, etc.

Although we haven't so large a membership as we would like, we have increased our number greatly in the last few years, and we hope the club will even be more successful in the future than it has in the past.

It can truthfully be said that the Latin Club is one of the most active clubs in Huntington High School and it certainly "gains strength as it goes"—new members are added to the club at every meeting.

The assembly given by this club was conceded to be one of the most entertaining assemblies of the school year. The Latin Club party held on January 7 was a most enjoyable occasion.

The Latin Club encourages the "most useful" of all languages and creates a greater interest in its study. The average required is 80, giving anyone really interested a chance to join.

The club meets once a month. At these meetings new members are voted on, any other important business settled, and an interesting program and refreshment course "served." The Latin Club has indeed proved that the Latin language is not dead yet.

The idea for a college club at Huntington High School was first inaugurated about six years ago by the American Association of University Women. Miss Mary Oney, a teacher of H. H. S. and a member of the Association, was chosen as sponsor. The purpose of the new club was to give a better knowledge of colleges, thereby creating a greater desire to secure for themselves the advantages of a college education. Before the time the A. A. U. W. had a call meeting each year at the home of Miss Lucy Prichard to entertain the Senior girls interested in colleges. At these meetings a speaker told the girls of their alma mater, illustrating their talks with pictures and yearbooks. Now the club is under the same plan. The girls get together frequently and interesting talks are made thereby creating a true college spirit.

We feel proud to say that now we are so well established a society that Pittsburgh and some cities of Texas and Wisconsin have written to the Huntington Chapter for information concerning our organization, desiring to form similar chapters themselves. This gives adequate proof of the prominence of our club.

This last school year of 1925-26 has been one of the most successful in the history of the College Club, under the guidance of our advisors, Miss Fulton and Miss Hepburn. The club holds a regular meeting each month at the members' homes, a program is arranged and a speaker always tell of a certain college that is of particular interest to the girls.

At the beginning of the year members in communication with various colleges donated college catalogues to the library when and where they might be easily accessible to all those interested in the choice of a college. This plan has aided many girls materially in their selection of a college to attend.

This club is open to all Junior and Senior girls apparently interested in colleges and desiring to know more about them.

GIRL'S COLLEGE CLUB

The Commercial Club

This club, as a scholastic society, is accomplishing real things for the commercial students, giving them a high goal for which to strive. We have at our service the experience and ideas of Huntington's foremost business men.

While we are particularly interested in preparing ourselves for the commercial world, that is not our main purpose. Our meetings are educational and have plenty of pep, fun, and entertainment.

Striving to make ourselves successful in business, anxious to serve our fellow-students, and boosters of an excellent and practical department of Huntington High, we are—The Commercial Club.

COMMERCIAL CLUB

Service Club

Several years ago there was organized in Huntington High School the Students' Council, for the purpose of regulating student activities. It was composed of two members from each class elected by the students.

When the students, who were in H. H. S. at the time of the organization of this council, had graduated the purpose of the club was not definitely understood by the incoming students and the election of members came to mean less and less. As time went on and interest in the club bgean to wane, it ceased to attend to its duties, until finally, membership in the council was nominal only.

In the latter half of 1924 a new club was called into existence, which was destined to take the place of the Students' Council. It was called the Service Club and was composed of the presidents of all the classes and clubs in high school. It did not get well under way until this year when it drew up a constitution for itself and the student body. It enlarged its membership to include the presidents of all classes and clubs, the president of the student body, the editor of The Tatler, the student manager of athletics, and the principal of the school.

This new club has assumed all the duties of the old Student Council besides some new ones. To it belong the leaders of the high school, those to whom the students have entrusted their interests and welfare, and who consequently are most interested in the problems which now and ever will face Huntington High School.

"Mons" outside of class, "s'il vous plait"—and Mr. Flesher in class and the members of Le Cercle Francais have had a very successful year. Lotsa pep and all. Our "Turkey Roast" was quite a treat for our new members and didn't the little dears look "too cunning" perched on the roost?

The assembly that the French Club put on was conceded to be one of the best of the year. Night life of "Gay Paree" was featured as well as an interesting plot. In fact it was so brimful of gayety that Mr. Brewer and announcements were not accepted as joyfully as usual. The programs at the various meetings contained some of the best talent at H. H. S. and that's saying a lot!

Here's to the French Club of the future—may it continue to be as up-to-date as it is now—'toujours'!

Varsity H Club

This club is one of the exclusive clubs of the school, open only to those who have won their "spurs" in football, basketball, track or baseball.

This club was originated in 1923 after winning the football championship, as the boys were eager to have a club so they could talk over subjects of interest in athletics. The club owes its existence to Mr. Slutz and Mr. McDermott, who organized it.

The purpose of the club is:

1. To promote a better scholastic standing among its members.

2. To create more respect for the Varsity "H" of Huntington High.

3. To create more interest in athletics among the boys of the school.

4. To direct the school's opinion on all vital subjects.

5. To make Huntington High athletically "The High School of West Virginia."

We believe in youth. We want to be the kinds of persons who give off sparks. No one is to tell us how the last chapter ends, for we want to be wide-eyed, continually surprised by life. Youth's bright and spangled standards we want to carry until every lance is splintered and every banner frayed.

Ushers

The Ushers, that indispensable group of young men seen at all the various evening activities in the auditorium, busily engaged in escorting the people into the right seats, were organized early in the school year by Miss Fulton, their advisor. At this first meeting Sanford Trope was elected Head Usher, and the boys were assigned their respective positions in the auditorium.

Throughout the year various changes were made in their personnel and frequent additions to their group were made.

By the splendid co-operation of Miss Fulton, the ushers have made their work in the auditorium as efficient and as courteous as possible, and they hope that their efforts have met with at least a small amount of success.

The Ushers are as follows:

It is indeed a rare privilege to be a member of the Scribblers Club. This is the only literary club of our high school and membership is only given to those who win a ten dollar prize in one of the essay contests which are held every month, or those who receive honorable mention and are then voted into the club.

The generous benefactor of this club is not known by the students, but it is only through his kindness and sincere interest that the Scribblers Club exists.

The aim of this club is to promote the interest of the students in literary works. So here's to the Scribblers. May they always continue to scribble as they have at H. H. S.

One of the most prosperous clubs of the school for the past year has been the Dramatic Club. The following plays have been given by them: "'Op o' Me Thumb," "When Romance Lived," "His Soul" and "The Neighbors." Under the sponsorship of Miss Grose this club has been one of the peppiest clubs in school.

JUST A NICE GIRL

He met her at a dance. They were standing in a corner of the big ballroom waiting for the orchestra to begin the next encore.

Playfully he placed his arm around her waist.

She resented and drew back.

"You can't pull that stuff around here," she said. "But I know where there is a dandy place in the conservatory."

Fat Lady: "Officer, can you see me safely across the street?"
Officer: "Begorra, lady, I can see you a mile away."

Man in the Upper: "Hey, you're snoring."
Man in the Lower: "How do you know?"
Upper: "I heard you."
Lower: "Don't believe everything you hear!"

Ole Oleson wanted to be a railroad man. So he got a job in a round-house as engine wiper. His foreman had been trained in the "Jim" Hill School; he allowed no waste. He everlastingly kept ding-donging at Ole like this:

"Don't waste a drop of oil, Ole; oil costs money. And don't waste the waste, either; it's getting mighty expensive. Ole finally got these economy facts pounded into his head.

One day Ole was promoted to fireman. The day before he went on his first regular run on a freight engine he was posted as to his duties through a series of questions. This was the last question: "Now, Ole, suppose you are on your engine; you go around a curve and see rushing toward you on a single track the fastest passenger train. What would you do?"

Ole replied: "I grab the oil can; I grab the waste—and I yump."

HUH?

Mr. Sharps (in class): "Willie, name a certain year and tell how much cotton was exported from the United States in that year."

Paul T.: "1492; none."

Miss M.: "Didn't Gloria Swansdown look great in *Clothes?*
C. McK.: "You should have seen her in *The Sheik's Tent.*"

Mr. Newman: "Give me an example explaining the theory of like attracting like."

John S.: "Pop drank some wood alcohol and it went to his head."

DO YOU REALIZE--

That the average person of today lives with more comfort and convenience than royalty of a century ago, even with their servants and luxuries? And what reason can we give? Modern methods of production and distribution, making and selling. Progress, that's the word. It's progress that moves the world and the wheel of industry. And progress is the word constantly in the mind of every worker in Bradshaw-Diehl Company's store. And it all makes for service—ever increasing service to our customers.

C. H.: "Is there any insanity in your family?"
E. W.: "Yes, my younger sister reads True Story and confessional magazines."

"Bernice went riding with that fellow last night."
"I heard someone say he is a rounder."
"Yes, almost every night."

" 'The Last Days of Pompeii.' Wonder what he died of?"
"Didn't you hear about it? It was some kind of an eruption."

She: "Who was that wreck I saw you with last evening?"
He: "That wasn't a wreck; that was an accident. I ran into her!"

Ducky: "Don't you like the way I make love?"
Hulda: "No—why can't you love me like the knights of old?"
Ducky: "Get out—how'd you like to sit on a cast-iron knee?"

"The Campbells are coming," remarked the boarder hopefully as he waited for the soup.

JUST GETTING 'EM TOLD

A rooster strolled over into another barnyard one day and found a lot of fowls with which it was not acquainted—Geese, Turkeys, and Ostriches. Discovering an ostrich egg, the rooster pecked it, causing it to roll under the fence into his own barnyard. Calling all of the hens around him, he looked at the large egg and said:

"Understand, I'm not complaining, but I do want you to know what's being done in other neighborhoods."

Mr. Richards: "The next person that says 'Huh' will be sent out of class."

Seventh Period Class: "Huh?"

There was once a very loving young couple, just home from the happiest sort of honeymoon. She was "Honey" and he was "Dearie." "Honey, dearest," said Dearie, "I see there is some asparagus ready for cooking. Shall we go and pluck it together, love?"

To which "Honey" replied, cooingly, "Dearie, dearest, it will be heavenly! You shall pluck it, and I will hold the ladder!"

OH, SEPTEMBER!

'Twas eventide. The small lad stood on the bridge slapping his hands vigorously. Beyond the brow of the hill a dull red glow suffused the sky.

"Ah, little boy," remarked the stranger, who was a little nearsighted, "it does my heart good to see you appreciate yon cloud effect."

"Yes, sir," replied the lad. "I've been watching it for ten minutes."

Upon the boy's face there appeared a smile of perfect bliss.

"A real poet without a doubt, and do you watch the sunsets often, little boy?"

"Sunsets? Why, that ain't a sunset guv'nor; that's the village schoolhouse burning down."

"Are you busy tonight?" asked the very young and also exceedingly good looking English professor.

Virginia B.: "Oh, no, I'm not," gushed the fair young thing, with visions of a date floating before her eyes.

"Then I'd advise you to correct your back themes and hand them in tomorrow," was the disappointing reply.

NEITHER

Captain A. B. Randall of the renovated Republic told a story the other day.

"A steward," he said, "stood at the gangway of a ship of mine, and as he stood there he kept shouting for the benefit of the arriving passengers:

"First class to the right! Second class to the left."

"A young lady stepped daintily aboard with a baby in her arms. As she hesitated before the steward, he bent over her and said in his chivalrous way: 'First or second?'

"'Oh,' said the girl, her face as red as a rose. 'Oh, dear, it's—it's not mine'."

THE RAINY SEASON HAS AFFORDED A SPLENDID OPPORTUNITY FOR AMATEUR ARTISTS TO DISPLAY THEIR ABILITY.
